JURISDICTION AND PARTIES

3. The remedies provided by the New York State Human Rights Law Against Discrimination are not exclusive and state administrative remedies need not be exhausted in connection with suits brought under the Federal Civil Rights Act.

4. At the time of Plaintiff's visit to the Defendants' Subject Facility in November of 2017 prior to instituting the instant action, JOSE FIGUEROA (hereinafter referred to as "Plaintiff") was a resident of the State of New York. He is an individual with numerous disabilities including spinal stenosis which causes a restriction to his spinal canal, resulting in neurological deficits. At the time of Plaintiff's visit to Defendants' facility and prior to instituting this action, Plaintiff suffered from a "qualified disability" under the ADA.

COUNT I – VIOLATIONS OF THE AMERICANS WITH DISABILITIES ACT

7. On or about July 26, 1990, Congress enacted the Americans with Disabilities Act (“ADA”), 42 U.S.C. §12101, et. seq. Commercial enterprises were provided one and a half years from enactment of the statute to implement its requirements. The effective date of the Title III of the ADA was January 26, 1992. 42 U.S.C. §12181; 20 C.F.R. §36.508(a).

8. Congress found, among other things, that:

(i) some 43,000,000 Americans have one or more physical or mental disabilities, and this number shall increase as the population continues to grow older;

(ii) historically, society has tended to isolate and segregate individuals with disabilities, and, despite some improvements, such forms of discrimination against disabled individuals continue to be a pervasive social problem, requiring serious attention;

(iii) discrimination against disabled individuals persists in such critical areas as employment, housing, public accommodations, transportation, communication, recreation, institutionalization, health services, voting and access to public services and public facilities;

(iv) individuals with disabilities continually suffer forms of

discrimination, including outright intentional exclusion, the discriminatory effects of architectural, transportation, and communication barriers, failure to make modifications to existing facilities and practices. Exclusionary qualification standards and criteria, segregation, and regulation to lesser services, programs, benefits, or other opportunities; and,

- (v) the continuing existence of unfair and unnecessary discrimination and prejudice denies people with disabilities the opportunity to compete on an equal basis and to pursue those opportunities for which our country is justifiably famous and costs the United States billions of dollars in unnecessary expenses resulting from dependency and non-productivity.

42 U.S.C. §12101(a)(1)-(3), (5) and (9).

9. Congress explicitly stated that the purpose of the ADA was to:

- (i) provide a clear and comprehensive national mandate for the elimination of discrimination against individuals with disabilities;
- (ii) provide clear, strong, consistent, enforceable standards addressing discrimination against individuals with disabilities; and,
- (iii) invoke the sweep of congressional authority, including the power to enforce the fourteenth amendment and to regulate commerce, in order to address the major areas of discrimination faced on a daily by people with disabilities.

42 U.S.C. §12101(b)(1)(2) and (4).

10. Pursuant to 42 U.S.C. §12181(7) and 28 C.F.R. §36.104, the Subject Facility is a place of public accommodation in that it is a bar and restaurant which provides goods and services to the public.

11. The Plaintiff is informed and believes, and therefore alleges, that the Subject Facility has begun operations, and/or undergone substantial remodeling, repairs and/or alterations, since January 26, 1990, and/or has sufficient income to make readily achievable accessibility modifications.

12. Defendants have discriminated, and continues to discriminate, against the Plaintiff, and others who are similarly situated, by denying full and equal access to, and full and equal enjoyment of, goods, services, facilities, privileges, advantages and/or accommodations at Defendants' Property, in derogation of 42 U.S.C. §12101, et. seq.. and as prohibited by 42 U.S.C. §12182, et. seq.., and by failing to remove architectural barriers pursuant to 42 U.S.C 12182(b) (2) (a)(iv), where such removal is readily achievable.

13. The Plaintiff has been unable to, and continues to be unable to, enjoy full and equal safe access to, and the benefits of, all the accommodations and services offered at Defendants' Property. Prior to the filing of this lawsuit, Plaintiff personally visited Defendants' Property, with the intention of using Defendants' facilities, but was denied access to the Subject Property, and therefore suffered an injury in fact. Plaintiff specifically intends to visit the Restaurant in the future but continues to be injured in that he is unable to and continues to be discriminated against due to the architectural barriers which remain at Subject Property, all in violation of the ADA, and the New York State and New York City Human Rights Law. The barriers to access the Restaurant, which start at the very entrance to the Restaurant with three (3) steps leading down to the entrance, have effectively denied Plaintiff's ability to visit the property and have caused embarrassment, anxiety and frustration to the Plaintiff by not being able to access the Restaurant.

14. Pursuant to the mandates of 42 U.S.C. §12134(a), on July 26, 1991, the Department of Justice, Office of the Attorney General, promulgated Federal Regulations to implement the requirements of the ADA, known as the Americans with Disabilities Act Accessibility Guidelines (hereinafter “ADAAG”), 28 C.F.R. Part 36, under which said Department may obtain civil penalties of up to \$110,000 for the first violation and \$150,000 for any subsequent violation.

15. The Defendants’ Subject Facility is in violation of 42 U.S.C. §12181, et seq., the ADA and 28 C.F.R. §36.302, et. seq., and is discriminating against the Plaintiff as a result of inter alia, the following specific violations:

Standards 4.3.2(1) requires at least one accessible route be provided from public streets or sidewalks to the accessible building entrance they serve. The steps at the entrance to the Restaurant means there is no accessible route for a wheelchair. The counter surface height shall be 38 inches (965 mm) maximum above the finish floor or ground. Photographs depicting some of the

discriminatory barriers are annexed as Exhibit A, made a part hereof and incorporated by reference herein.

16. Upon information and belief, there are other current violations of the ADA at Defendants' Property, and only upon a full inspection can all said violations be identified.
17. To date the architectural barriers, the removal of which is readily achievable, and other violations of the ADA still exist and have not been remedied or altered in such a way as to effectuate compliance with the provisions of the ADA.
18. Pursuant to the ADA, 42 U.S.C. §12101 et seq., and 28 C.F.R. §36.304, the Defendants were required to make the Subject Facility, a place of public accommodation, accessible to persons with disabilities since January 28, 1992. To date, the Defendants have failed to comply with this mandate.
19. Pursuant to 42 U.S.C. §12188, this Court is vested with the authority to grant the Plaintiff's injunctive relief; including an order to alter the subject facility to make them independently accessible to, and useable by, individuals with disabilities to the extent required by the ADA and closing the subject facilities until the requisite modifications are completed.
20. Defendants' failure to remove the barriers to access constitutes a pattern and practice of disability discrimination in violation of 42 U.S.C. sections 12188(b) (1) (B) (i), (b) (2) (A) (IV), and 28 C.F.R. Sec. 503(a).
